  - Mobile-responsive layout
  - Engaging visuals
  - Informative content
  - Contact & brand story

## Introducing: The Transfusion

Sugarloaf Mountain Springs is proud to announce the release of its newest creation, the Transfusion. Inspired by the classic golf cocktail, the Transfusion is a refreshingly crisp fusion of classic ginger ale, sweet robust concord grape, and a splash of lime that takes your taste buds on a journey of bubbly delight. This new spritzer has only 10g of sugar and 40 calories, making this the perfect, crushable, guilt-less pleasure. Whether you're hitting the links, hitting the town, or just having some you-time, the 10mg nano-infused classic golf cocktail is the ideal choice for any occasion! It's High on Flavor and Low on Fat!

## Supreme taste with Superior effects

Our products are crafted with two goals in mind: to taste great and to make you feel great. We're proud to be an early adopter of nano-emulsification, a technology that helps you experience desired effects faster while keeping your taste buds in awe. Whether it's importing chocolate from the heart of Belgium or using naturally derived cane sugar for our sodas, we only use premium ingredients to make our products. Whether you're skiing down Everest or just chilling at home, we have something for you.

**Fast acting**

All of our chocolates, gummies, and beverages are infused with nano-sized cannabidiol particles to help you feel desired effects faster than traditional edibles.

**Gluten and Caffeine Free**

Our products are crafted without gluten or caffeine and are vegan-friendly. Trying to stay away from sugar? We offer a variety of spritzers and seltzers to meet your low-sugar to no-sugar needs.

**Sip. Reseal. Repeat.**

Want to save some of your brew for later's best reward? We use resealable lids that will keep your beverage fresh and carbonated even after you open it. Say goodbye to flatness.

## Nectr Medical Beverages

Medical

Recreational

### Root beer 100mg

A classic elixir with a twist that conjures memories of old-fashioned soda fountains and summer afternoons. Savor the smooth sweetness and subtle spice of this classic beverage.

THC:100mg

Calories: 132

Sugar:33g

### Orange Soda 100mg

A sun-kissed delight that captures the essence of citrus groves in every effervescent sip. This liquid sunshine dances on your taste buds balancing sweetness with a zesty kick.

THC:100mg

Calories: 132

Sugar:33g

### Blue Ginger 100mg

A symphony of flavors that harmonize the sweet and tart notes of plump blueberries with the warm kick of freshly grated ginger root. Each sip is like stepping onto a moss-covered trail, the tangy berries bursting forth, while the ginger dances on your tongue.

THC:100mg

Calories: 160

Sugar:40g

**We're a small family with a big focus on quality and service**

### Our Mission

Our mission is to cultivate a culture of inclusivity, collaboration, and compassion, where every interaction is an opportunity to build meaningful relationships and inspire positive change. We strive to empower individuals to embrace the therapeutic potential of cannabis while promoting responsible use. By nurturing a supportive ecosystem that values diversity, integrity, and wellness, we aim to create a world where cannabis serves as a catalyst for connection, understanding, and collective well-being.

### Our Vision

Empowering holistic well-being through the art of cannabis-infused beverages, our company envisions a world where individuals can savor moments of relaxation, inspiration, and connection with nature. By meticulously crafting premium beverages that seamlessly blend the finest ingredients with the therapeutic properties of cannabis, we aim to redefine the beverage industry while championing sustainability and responsible consumption. Our vision extends beyond mere refreshment; it encompasses a journey of exploration, enlightenment, and enrichment, inviting consumers to elevate their experiences and embrace a lifestyle of balance, harmony, and vitality.
